All are individually numbered by hand and come with a Certificate of Authenticity. Imported. Donald is a Limited Edition of 1934. "I have always loved trains." –WALT DISNEY

It can be said Disneyland began with a train–a 1:8 scale live steam engine Walt Disney operated at his estate in the early 1950s. Walt told his Imagineers he wanted Disneyland to "…be surrounded by a train."

D. LILLY BELLE COLLECTOR TRAIN

This exquisitely designed commemorative locomotive with its impeccable detailing is fashioned after the train from Walt Disney's backyard railroad, the Carolwood Pacific. The locomotive is named for Mrs. Walt Disney, Lillian Bounds, who married Walt in 1925. The Lilly Belle locomotive is an exact 1:24 scale replication and comes with a tender car. Both rest on a track atop a walnut-wood base. The plaque on base features an actual piece of aluminum track from Walt's backyard railroad and a metal plate with the name "Lilly Belle." A must-have for Disney collectors and train afficionados. Arrives in an acrylic display case for safekeeping. Limited Edition of 1500. USA.
